

Happy days here again are  
Days and nights of your life  
and with you as the star  
Hop into your car  
and drive off into the sunsets  
Take your bets in Vegas  
Heading back across the country  
Home to roots  
in New England  
Have a cigar  
You'll travel far  
and wide and fast  
and glorious.  
Good timing  
East rhyming  
Well prepared for  
and well set  
What you see, you get  
Time to reap  
your harvest days  
The bet that pays  
Pays best  
And all the rest  
is yours too, boy blue.  
The times of your life are now.  
Holy cow!  
The wait is well worth waiting  
Time to start again dating  
instead of just whoring around  
No more need to play the clown  
Wear the crown in glory  
That's the story  
we report upon today  
You can afford to pay  
and the pay is afforded  
Ideas are not to be hoarded  
But released  
for all to see  
on EZTV.  
Good people and good times  
easy rhymes  
and well worth rhyming  
you got your timing  
right this time  
Sally forth, friends  
these are your times  
Live 'em  
Enjoy  
Atta boy  
EZTV.
